How to Use This Index

The *Law Reporter* Annual Index is designed to make your 1991 issues of the *Law Reporter* a reliable and accessible research tool. Here are a few things you should know to make the best use of your index:

General Index by Subject (page LR-3). The major subject headings in the General Index correspond to the areas of law covered in each issue of the *Law Reporter*.

To locate a case, first determine which area your inquiry falls into. Entries within each subject include both factual and legal issues. The numbers following the entries are the page numbers in Volume 34 of the *Law Reporter* where the cases appear.

Table of Cases by Plaintiff (page LR-16) and by Defendant (page LR-24). These tables include the most complete citations available as of November 1991.

Injury Awards (page LR-32). Entries in this section will direct you to cases in the *Law Reporter* that contain an award of damages for a particular type of injury. The following abbreviations are used in this section of the index: V for verdict; S for settlement; SS for structured settlement; A for arbitration award; M for mediation award.

Wrongful Death Awards (page LR-35). This table lists the wrongful death awards reported in Volume 34 of the *Law Reporter*. The following abbreviations are used in this section of the index: V for verdict; S for settlement; SS for structured settlement; A for arbitration award; M for mediation award.

To Obtain Further Information about a Case: The *Law Reporter* provides pleadings, court documents, and briefs through the "Offerings" column each month. That column also includes a list of Case Summary Surveys—a collection of case summaries on a specific topic appearing in the *Law Reporter* from 1986 to the present, and a list of relevant articles and legal annotations. The best source for additional information about a case is plaintiff's counsel. The name and city of the ATLA member involved in a case is provided, where possible, at the end of our report of the case. Your ATLA Membership Directory will provide you with the complete address and telephone number of any ATLA members.

Back Issues and Indices: Back issues and indices are available for \$10 each, postpaid. Please specify month and year.

Binders: Blue three-ring binders for convenient storage of your issues and index are available for \$15, postpaid.
